<p style="text-align:center">Proposal for a**n Authority Control Workshop**
From
Authority Control Subcommittee of TSPC*****</p>

Who is responsible for hosting: Authority Control Subcommittee of TSPC
        Priscilla Williams & Sue Wartzok, co-chairs

When: Nov. 2 (afternoon session 1:00-5:00) & Nov. 3 (morning session 8:00-noon)

Site of meeting: UCF with Jeanne Piascik local arrangements contact******

Recommended audience: SUL technical services librarians and staff with responsibility for authority control

Agenda (rough—to be refined over summer/fall):
- the processes involved in linking authorities to bibs and the impact of LCA10
- updates on local indexing queues
- why headings on bibs often don't link to the authority
- ambiguous authority headings: what it means to your Aleph
- LCA10 update reports: how to read them, how to use them

Content: presentations by FCLA staff (primarily Mary Ann O'Daniel) and SUL librarians with expertise in authority control; handouts; question-and-answer/discussion sessions

Why is workshop needed: evaluations from Nov. 10, 2005, meeting of Subcommittee almost unanimously requested a follow-up workshop

Expected outcomes: better understanding of authority control within SUL; more sharing of authority control work among SUL

*Submitted to TSPC May 15, 2006.
