Statewide Storage Facility - Options

Response Status: Completes

Filter: No filter applied

Apr 28, 2008 8:11 AM PST

1. Complexity of the facility	
Holds any items	0 0%
Holds any items (with exceptions)	2 25%
Holds Single Copy	2 25%
Holds Two Copies	6 75%
Holds Last Copy	4 50%

2. Facility Services	
No Digitization	0 0%
Digitization on Demand - Journal Articles	7 88%
Digitization on Demand - Books	3 38%
Digitization on Demand - Book Chapters	7 88%

3. Inter-Library Loan Functions	
Standard Retrieval request received and sends item to Home institution where they process	3 38%
Processes ILL request and sends to requestor	1 12%
Processes and Receives requests as a fully functional ILL Unit	3 38%
Processes and Receives and Loans all materials to any requestor	2 25%

FAU: Borrowing requests for articles sent from storage to patrons (could be electronic delivery or regular mail). Books would come to the requesting institution (i.e. FAU ILL office) for pick-up by patron. Lending requests should be sent from the Statewide Storage facility to requesting institution. However, we would need to know if the Storage facility will have their own OCLC symbol and who would get the ILL Fee Management (IFM) credits.

4. Material Types to include in Storage Facility

Monographs	7	88%
Journals	7	88%
Micro Materials	7	88%
Special Collections Materials (by the box)	6	75%
Records Management	3	38%
Other, please specify	5	62%

FAU: photographic material included in archival collections mentioned at "d" might be considered if storage conditions are acceptable for the preservation of emulsion-based originals

5. Would you...?

Discard your JSTOR print collection if one or more copies were in the storage facility.	7	88%
Continue to store your JSTOR print collection if one or more copies were in the storage facility.	0	0%
Discard other overlapping physical journals if they are held in the Storage Facility.	7	88%
Continue to store your other overlapping physical journals if they are held in the Storage Facility.	0	0%

FAU: FAU selected "a" and "c." However, one librarian noted the it "would be best if there were at least two copies of an issue, rather than just one. And, it's important that all pages are intact for each issue, i.e. someone should go through each issue and make sure that none of the pages are missing."
