

**Technology Advisory Group (TAG)
Quarterly Report
December 2010**

Members: Beverly Caggiano (USF), Selma Jaskowski (UCF), Michael Kucsak (UNF)

Informational:

Two TAG institutions (UCF and USF) are participating in the Primo Central test. TAG has asked FCLA to inquire about adding UNF to the test so all TAG members can participate. TAG is interested in a comparison of the three products currently available: Primo Central, Summon, and EDS.

TAG attended a couple of DISC conference calls and participated in the discussions about their survey to set direction for future digital library platforms for their report to CSUL.

TAG is now down 2 people with Bill Covey's retirement from UF and Mark Stoffan's departure from FSU.

Digital Initiatives Subcommittee:

The DISC quarterly report, survey analysis and supporting documentation are submitted separately.

Respectfully submitted by:
Selma Jaskowski
Coordinator, TAG
