FIU: Elaine Winske, Co-chair
FSU: Ruth Ziegler
UF: Priscilla Williams, Co-chair
UNF: Susan Massey
USF: Charles Gordon
USF (Health) Allison Howard
UWF: Esmer Brown

2009 Authority Control Survey

The Authorities Subcommittee met in an Elluminate session to discuss the results of the Survey on Authority Control in the SUL. A link to the survey responses and a spreadsheet containing a detailed summary of the results were provided.

Elaine gave an overview of the responses for each question on the survey. She encouraged discussion from the subcommittee during the break down of the summary responses. We discussed in more detail, the overall results of the survey focusing on the responses relating to the Aleph ARROW reports and the local authority file in the comments area of the survey.

Business:

Monthly meeting

Members agreed to begin holding monthly meetings via Elluminate to occur before the regularly scheduled TSPC meeting.

Additional agenda items:

Global change/Correct Heading

Elaine asked Mary Ann O'Daniel about the possibility of adding additional functionality to the Correct Headings button in Aleph.

- **Action:** Mary Ann will investigate expanded functionality and report back to the subcommittee via the list.

Scancode.dat

Elaine and Mary Ann O'Daniel will come up with a couple of possible dates to illustrate the setup and use of the scancode.dat tables in an Elluminate session. We'll send the dates to the committee for approval.

Due to time constraints, the 440 (obsolete) series clean-up and the 502 dissertation note will be discussed at the next meeting.
